

**INFORMATION BULLETIN**

№ IB 2018-024 from 13.03.2018

To: All Ship owners and Shipping Company  
 Attn: Operators, Masters and Officers of Merchant Ships

Subject: New Mobile Application "SMS Check List"

Dear customer of IBICON company!

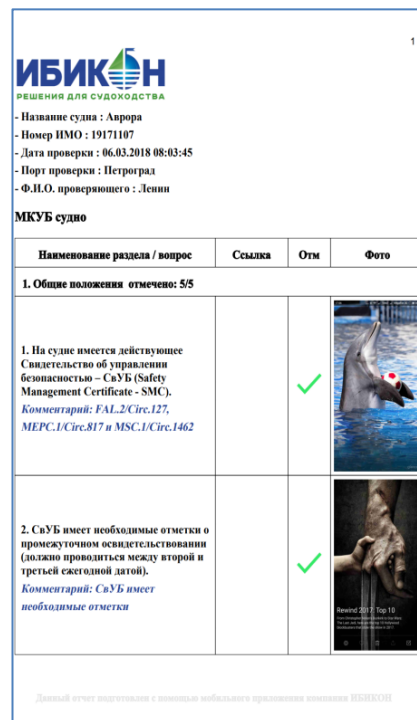

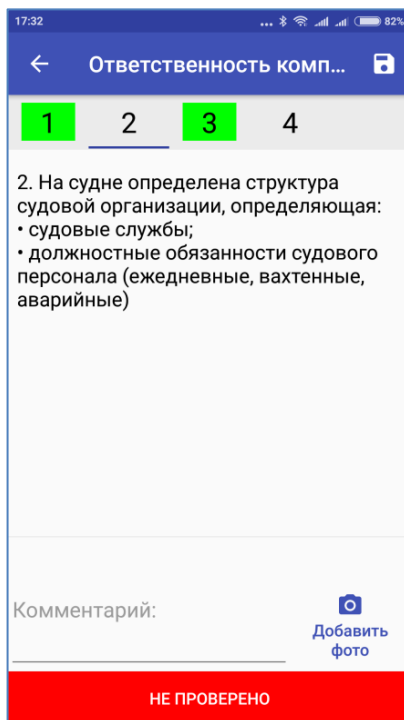

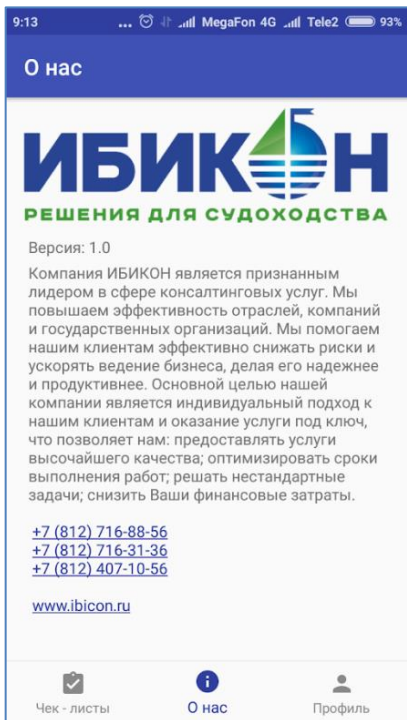

With the aim of improving and simplifying shipboard SMS, as well as to automate procedures related to filling out the ship's check-lists, we offer information on new software.

Check List –this is a list of regular, minute actions that must be performed. Noting the check-list items, the staff member can learn about the status/correctness of this work and thereby provides the required amount of necessary action.

In accordance with ISM Code, clause 7: *The Company should establish procedures, plans and instructions, including checklists as appropriate, for key shipboard operations concerning the safety of the personnel, ship and protection of the environment. The various tasks should be defined and assigned to qualified personnel.*

The Mobile Application "SMS Check List" allows you to:

- Get rid of paperwork by turning all paper receipts into electronic format;
- Create your own standards based on our check list library;
- Train new employees to standards while they are working.
